Standard profiles

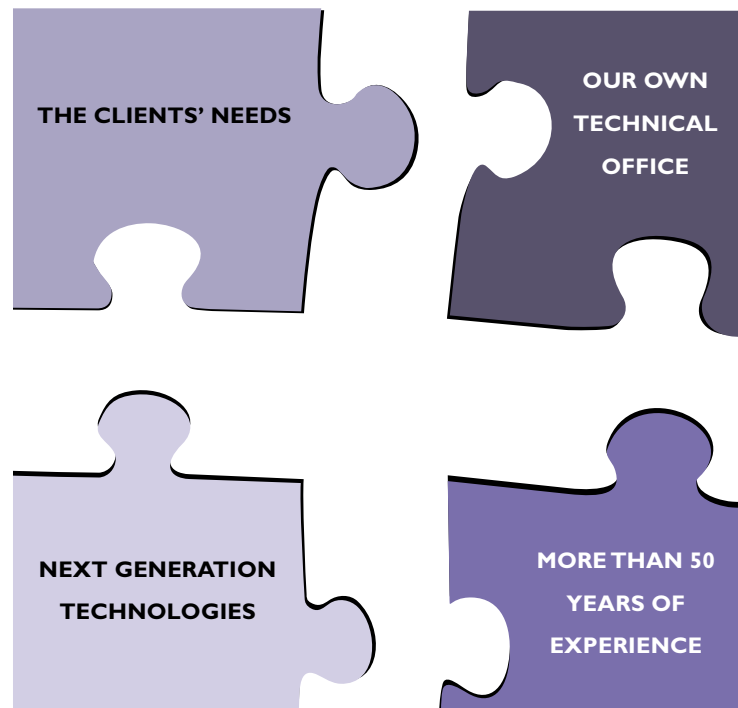

## Who are we?

We are manufacturers of **special, cold-formed, open or welded steel profiles** with the capability to include punching and other on-line operations.

We develop tailor-made shapes for our customers, for sectors such as construction, enclosures, transport, automotive, logistics and storage, and agriculture.

### Integrated on-line operations

- Punching, cutting and welding.
- Perforations and deep-drawing.
- Clinching and fastening.

### Additional finishing processes

- Cutting to length.
- Hot-dip galvanising and electro zinc plating.
- Shot blasting and painting.
- Bending.
- Laser operations.

### Materials

- Carbon steel: Black finish, pickling, cold-rolling and Sendzimir galvanising.
- High Shear Strength (HSS) steels and micro-alloys.
- Stainless steels, both ferritic and austenitic.
- Other types of metal materials (Aluminium, Copper, Titanium, etc.).

AENOR certificates in accordance with ISO 9001 quality standard and ISO 14001 environmental standard..
